THEY MAY BE ESCAPED PRISONERS

UNKNOWN MAN, KILLED IN WRECK AND WM. JACKSON SUSPECTED.

SHERIFF AT OLATHE, KAN TO CONCEPTION JUNCTION

Will Attempt to Identify Both As Belonging to Band of Five Who Broke Jail Recently.

That the unknown man who was killed and Wm. Jackson, who was injured in the wreck of the Chicago & Great Western freight train about midnight Monday at the Monastery crossing, three miles south of Conception Junction, are two of a band of five men who escaped from the jail at Olathe, Kan., is the supposition under which the officers of the law at Conception Junction are now working today.

The sheriff at Olathe, hearing of the accident at Conception Junction, wired Deputy Sheriff Gabe Purcell to hold William Jackson until he arrived as he thought that perhaps this Jackson was one of the escaped prisoners.

It is believed that the dead man was also one of the prisoners and that Jackson was acquainted with him, but that he didn't acknowledge it on account of his position as an escaped prisoner. The sheriff of Olathe will arrive in Conception Junction this afternoon and will attempt to identify both Jackson and the dead man.

Jackson's story as told to the jury at the inquest was to the effect that he did not know the dead man, that he came from Kansas City to Savannah for the purpose of getting work from a contractor named Wright, and that when he arrived in Savannah the contractor told Jackson that he would not be ready for him for ten days. Jackson said that he decided to travel on further, and to return to Savannah as soon as the ten days were up.

The Chief of Police at Hannibal, who was notified of the death of the unknown man and who was asked to look up the person whose address was found on the body, wired Mr. Purcell that he had located Thomas Hankins living at 601 Marktwain avenue, Hannibal, and that Thomas Hankins said that the description of the dead man tallied with that of his half brother, Milton M. Hankins, 38 years old. Mrs. Laura Hankins, whose name was on the paper is believed to be the wife of Thomas Hankins. The Hannibal chief of police wired the Conception Junction authorities to hold the body until more information could be obtained.

BAND CONCERT SUNDAY

Professor Maulding Will Give First of Series of Indoor Programs Then —Small Admission Charged.

The first of the series of municipal concerts to be given by the Fourth Regiment band under the leadership of Professor T. B. Maulding will be held at the Empire Treatre on Sunday afternoon.

Practice will be held tonight and a program will be arranged, which will be announced later this week. The subscribers to the fund for keeping the Fourth Regiment band in Maryville will be given tickets entitling them to free admission to all of the indoor concerts, but those who did not contribute will be charged ten cents admission.

As soon as the weather permits, outdoor concerts will be given regularly.

Lona Perrin Promoted.

Mrs. A. R. Perrin has received word of the promotion of her son, Lona Perrin, to the position of news editor of the Pioneer Press of St. Paul, Minn. Mr. Perrin is well known in Maryville and was for several months a reporter for the Maryville Tribune.

Linville's are Returning.

Mr. and Mrs. W. R. Linville of Skidmore who have been in Florida for the last two months are expected home the last of this week.

$13.17 IN BELGIAN BOXES

Five Dollar Bill, Several Silver Dollars and Peanies Were Donated —Not Much Interest Shown.

R. L. McDougal this morning opened the boxes placed in the four banks for the purpose of collecting the Belgian relief money, and found $13.17. A five-dollar bill, several silver dollars, and some small money had been put into the boxes. The amount collected from the boxes the last time they were opened was $12.88.

"Not much interest is being taken in the relief of the Belgian children," said Mr. McDougal today. "The little town of Skidmore has done as well as the city of Maryville. When the fact is taken into consideration that many Belgian little ones are actually starving for the necessaries of life, it is a wonder that mothers and children don't give more to the fund. Three cents a day will keep a child, and who would begrudge that many coppers to insure some youngster food for twenty-four hours?"

HEAR HAROLD BAUER

CELEBRATED PIANIST APPEARS HERE TUESDAY, MARCH 27.

OF INTERNATIONAL FAME

Noted Artist Has Received the Highest Praise in Musical Circles All Over the World.

The last number of the Lyceum course will be given at the Christian church Tuesday evening, March 27, when Harold Bauer, celebrated pianist, makes his appearance in a concert program.

Mr. Bauer's position among the foremost pianists of the day rests on a firm foundation. Master pianist, which is a term frequently applied to Mr. Bauer, suggests to a nicety his overwhelming victory over the technical difficulties of his art, his fine poetic insight, his splendid musicianship, and his extraordinary powers of interpretation. A master is Bauer in every sense of the word, a fact which both Europe and America have long since recognized.

Harold Bauer was born in England, of a family of which every member was musical. As a boy his gifts attracted wide attention particularly his violin playing, and a violinist's career was uppermost in his mind until Paderewski persuaded him that his greater talent was for the piano.

After a period of study in Paris, which has since been his home, Bauer's debut was made under propitious circumstances, and the result was a positive furore. Tours of every section of Europe were made during the next few seasons and the pianist's fame was soon firmly established. In America Bauer made his first appearance in 1900 with the Boston Symphony orchestra. Since then he has visited this country repeatedly and with marked success. He has played with every symphony orchestra in America, while his recital appearances have embraced the most important cities from coast to coast.

Henry T. Finck, the distinguished critic of the New York Evening Post, sums up Mr. Bauer's attributes in a striking way. "One does not need to be a musician to listen to him," writes Mr. Finck. "He makes the meaning of the composer so clear that a person without the least conception of harmony could hear and enjoy. Bauer is heart and soul in the piece he is rendering, and his masterly intellect recognizes every value of tone, phrase or climax to the exclusion of all mannerism. His playing is the absolute perfection of interpretation."

FILES DAMAGE SUIT.

J. L. Breedlove Wants $250 for Loss of Horses on Wabash Right-of-way

J. L. Breedlove filed suit in the office of the circuit court yesterday for $250 damages which he claims is due him on account of the loss of two horses which were killed on the Wabash right-of-way, February 1917. Mr. Breedlove, who lives three miles east of Maryville, lost a mare worth $75 and a colt worth $50.

UP TO THE COUNTY

ONLY EFFECTIVE BOOSTING CAN LAND PART OF STATE ROADS.

M'ININCH FAVORS PLAN

Tells E. M. Claypool That Nodaway County Roads Club Is Most Effective Weapon.

Do you want any part of the Nodaway County highways designated as a state road so that a portion of the Federal aid money will be spent in the county?

Then it is your business to become a member of the Nodaway County Automobile and Good Roads Club, and help boost for your section of the state because George E McIninch says that this is the only way the county will be remembered when the plums are divided.

Individual enterprise—this is the keynote of the situation, according to Secretary E. M. Claypool, who went as a delegate from Maryville to consult with Mr. McIninch, state highway commissioner, on the question of having either the Saints Highway or the Glidden Route designated as part of the state road. Mr. Claypool talked with Mr. Ininch for two hours on the various phases of the situation, and received much encouragement from him.

"The movement to obtain a part of the state highway in any county," said Mr. McIninch, "must originate with the county. It can be done by the county court or by a group of interested road men. Plans and specifications must be drawn up either by the county highway engineer or by the state highway engineer and must be placed in the hands of the commissioners, who will decide on the routes to be chosen and then send their decision to Washington to have it passed upon.

"I am strongly in favor of the work done by the Nodaway County club, and if the proper methods are taken, I believe that a portion of the state road will be routed through the county. It is merely a question of "pep" and enterprise. The county that makes the best showing and puts up the best fight will have the best chance to land its route among the lines designated."

The Nodaway County Automobile and Good Roads Club will take Mr. McIninch's hint to heart, and will begin at once to boost for a portion of the Federal Aid money, which will be spent on the state roads.

Successful I. O. O. F. Meeting.

Thirty-three members attended the meeting of the I. O. O. F. at their hall last night. The roll call was answered with the dates of initiation and proved to be a most interesting feature of the evening. Plans were made to attend the meeting at Graham Thursday, April 12.

WOULD KILL DEPUTY

ASSASSIN ATTEMPTS LIFE OF KERENSKI, RUSSIAN MINISTER.

FAILS IN HIS PROJECT

Pretends to Have A Letter for Him, Is Searched and Loaded Revolver Is Found.

Special to the Democrat-Forum.

Petrograd, March 21.—An attempt was made today to assassinate Deputy Kerenski of Saratoff, the Minister of Justice in the new provisional government of Russia. The would-be assassin committed suicide afterwards. He is believed to have been a tool of the reactionaries in the army group.

The assassin made an attempt to see Kerenski on a pretext of delivering a letter to him The suspicions of the officers were aroused, and upon search a loaded revolver was found. The man was identified as a captain of cavalry in the Russian army.

When he found that his ruse had failed, by a certain movement he regained his weapon and shot himself, falling dead at the feet of his captors.

The cabinet conferences continue to be held daily. Professor Paul N. Milukoff, the foreign minister, announced today that the present situation is entirely satisfactory to the government.

Will Recognize New Government.

Washington, Mar. 21.—Formal resognition of the new government of Russia will be made shortly by the United States. The state department had before it today the request of the revolutionary leaders for diplomatic recognition and it was stated officially that the request would be complied with.

Grants Amnesty to Prisoners.

Petrograd, Mar. 21.—The provisional government of Russia granted general amnesty to all of the political prisoners, according to the announcement made today.

Czar and Wife Arrested.

London, Mar. 21.—The former Czar and his wife have both been arrested at the order of the new government, says a Petrograd dispatch. Both are under guard at the Tsarkoelseli palace.

ROACH ON TAX BOARD

Will Be Offered Chairmanship of State Commission — Other Officers to be Appointed.

Special to The Democrat-Forum.

Jefferson City, Mar. 21.—Former Secretary of State Roach will be chairman of the State Tax Commission if he can be persuaded to accept the post. Governor Gardner has intimated that he would be pleased to offer the chairmanship of the Tax Commission to Roach if the latter can see his way clear to accept it.

The executive has announced that he will soon appoint the members of the Tax Commission and of the Commission for the Management of the Penitentiary and Industrial Schools. Each board will have three members.

The governor has made it very plain that he is desirous of securing business men who are familiar with buying supplies and not theorists for the penal board.

Former Warden Henry Andrae of Jefferson City and L. B. Thompson of New Bloomfield have been suggested for the Republican place on the Prison Commission. Hermann Hackmann ex-county officer of St. Louis county, has been suggested for the Republican appointment on the Tax Commission.

MRS. ANNA NELSON BURNED.

While Setting Fire to Dead Grass, Her Clothing Catches Fire.

Mrs. Anna Nelson, living 3 miles northwest of Maryville, was seriously burned yesterday afternoon at her home. She was burning dead grass in the yard, when her clothes caught fire and were burned nearly off before the flames could be extinguished. The doctor was called and Mrs. Nelson was at once removed to St. Francis hospital, where her burns were dressed. Her body is severely burned, and her condition is considered serious.

LONDON EXPERIENCE

VERNON NASH GIVES ACCOUNT OF INTERESTING SOLDIERS.

TELLS ABOUT YOUNG CHAP

Boy Was Shot in Arm, Overcome by Gas Twice and Finally Wounded in the Head.

(Vernon Nash)

On Friday afternoon, January 19, at 4:55 p. m., we Rhodes men left London to take up our residence again in Oxford. Several drivers were sick on that day and the head of the Y. M. motor department urged us to remain another night and help. But we were afraid of the strict college regulations, also anxious to get back and see the bunch, so we would not consent.

Missed Munitions Explosion.

Less than two hours after our train pulled out, the greatest munitions explosion of the war demolished an area in East London three-quarters of a mile square and every available Y. M. C. A. man worked feverishly in the relief work for several days with scarcely any sleep. And that was the experience. Figuratively we have been kicking ourselves all over Oxford for our refusal to stay.

Unfortunately explosions are not pre-arranged with notices posted and so we little suspected what a really great climax to our vacation of experiences we were destined to miss that afternoon. Anyway it is almost greedy to ask more of Providence than we got in those fine six weeks of motor work in London.

A Young Chap's Experience.

The most interesting of all the soldiers I have met was a young chap who was in Oxford public school, (that is, English prepatory school), when the war was declared. He enlisted and since that time has been shot in the arm, overcome by gas twice (once by Germans and again by his own army's gas when the wind shifted suddenly), was captured by the enemy and kept in their trenches for three days while the rain of curtain fire prevented his being taken to the rear. At the end of the third day a counter attack by his fellow soldiers recovered the trenches and rescued him. He has the souvenir mark of a bayonet on one side. Surviving all this, he was returned to the trenches where as a climax a rifle bullet passed completely through the right side of his head from brow to crown.

His Life on the Balance.

He hung on the threshold of the other world for three months while surgeons removed large parts of his skull with quite a lot of brains, and operated in other ways. Finally he recovered enough to be discharged, but with his right side partially paralyzed and his memory badly impaired.

A 2ND PEACE MOVE

GERMANY INQUIRING HOW THE NEUTRALS WOULD VIEW IT.

FAVOR SELFGOVERNMENT

Prepares to Lean Favorably Toward General Scheme of Democracy for European Nation.

Special to The Democrat-Forum.

London, March 21. — Germany is preparing for another peace move. This is the gist of the dispatch printed in the London Times today. According to the telegram German envoys are in the Dutch capital seeking to learn how the United States and the other neutrals would view another peace attempt by Germany.

It is said that Germany is prepared to lean favorably toward some general scheme of autonomy (self-government) for the races of Europe, particularly Austria-Hungary. At the same time it is believed that Germany is prepared to make the particular concession of allowing her own people to be delegates to bear the passports issued to the German foreign offices.

The success of the Russian revolution has caused the greatest agitation in Germany, says a wireless from Zurich today. The report is current there that serious riots have occurred in Germany, particularly in Dresden, Leipzig and Munich.

MUST MAKE ENDS MEET

Gardner's Efforts Will Now be Directed Toward Seeing That Appropriations are 'Within Revenue.

Jefferson City, Mar. 21.—"We must make both ends meet," was the way Governor Gardner explained his intention of vetoing many of the appropriations asked by the Forty-ninth General Assembly.

The governor will veto all appropriations for new buildings for the State educational and eleemosynary institutions, even an appropriation for a new $30,000 kitchen in the Executive Mansion will be vetoed.

Sixteen million dollars is the estimated revenue for 1917 and 1919, which includes taxes to be turned in to the State through the new tax legislation enacted by the legislature.

The appropriations total $19,517,746, which is about $3,800,000 more than the anticipated revenue.

The governor has announced that he will be very busy during the next thirty days studying the proposed new laws.

THE EXTRA SESSION ADVANCED TO APR. 2

WILSON WILL ASK CONGRESS TO DECIDE ON WAR POLICY.

ADMITS EXECUTIVE POWER IS LIMITED

No Doubt Is Entertained in Official Circles As to What the Answer Will Be.

Special to The Democrat-Forum.

Washington, March 21. — Face to face with the gravest international crisis in years, the President today advanced the date of the extra session of Congress from April 16 to April 2.

Congress Must Decide.

Washington, Mar. 21.—Congress will reply to Germany. The President so decreed today when he issued a new proclamation calling in extraordinary session the Sixty-fifth Congress for April 2, thus signifying that it was of extreme necessity to have the legislative body of the United States on hand. It expresses in a single phrase the sentiment of the President who in a formal proclamation assigned the reason for calling Congress to be the consideration of the grave questions of national policy that are to be decided.

The President admits that there is no longer anything that executive power can do to protect American lives against Garman aggression. He and his advisors believe that Germany is making war on the United States, and since Congress is the only body in the United States which can authorize war, the President will lay the matter before Congress and ask it to decide what policy the government shall adopt in reply. No doubt is entertained here as to what the answer shall be.

Daniels Confers With Naval Board.

After the Cabinet meeting yesterday afternoon, Secretary Daniels, saying that no new naval orders had been issued, hurried to the Navy department and went into conference with members of the general board. Information for the President and tentative plans for further naval activities were discussed.

The only argument known to have been advanced in official circles against the early calling of Congress was that the President himself can do almost everything possible immediately. But in spite of this argument the preponderence of official opinion seemed to be that Congress should be summoned as soon as possible so that the full power of the government would be assembled in Washington.

Plan the Patrol Squadrons.

Plans for organizing patrol squadrons of privately owned motor boats and yachts along the Atlantic Coast were discussed last night by Secretary Daniels and Capt. George B. Marvell, an assistant for operations, who has just returned from a trip to New York Boston and other coast points, to enroll available craft. Captain Marvell reported he had arranged contracts with many owners of small speedy boats suitable for mounting guns and chasing submarines or patrolling the coast, to turn their vessels over to the government in an emergency. A number of boat owners also agreed to volunteer as reserve officers.

Washington, Mar. 21.—Bids for 200 submarine chasers were opened in secret at the Navy department at noon today.

FRENCH PURSUE GERMANS.

CITY PAID FOR STREET DIRT.

Gets From 50c to 75c A Load For Accumulation on the Pavements.

To pay someone to haul away the trash and dirt that collects on the streets is a common thing, but to haul it away and have some one to pay you for it is rare. Yet, this is what is being done on the Maryville streets today. The city has orders ahead for seventy-five loads of the accumulation on the streets and gets fifty to seventy-five cents a load for it. This more than pays for the expense of having the stuff hauled away.

Experience in Tire Buying

Why Experiment?

We have been in the tire business for eleven years. Our experience extends further than the mere selling of tires—we have worked on the inside, torn too pieces and rebuilt every make of tire on the market and are certainly in a position to know how each are made, what kind and quality of material are put into each.

And after this eleven years of experience, when we started the present firm we decided to sell the best tire we knew of for the benefit of those that did not care to experiment or that were tired of continual tire trouble and the usual dissatisfaction of adjustments, You don't want adjustments—you want uninterrupted milage.

For those reasons, we are selling MOHAWK "QUALITY" TIRES.

Guaranteed in Ford Sizes 7500 Miles
In the Larger Sizes 5000 Miles

And we make our own replacements right here in Maryville You don't have to wait a week or month. Come in and let us show you why they are best—we will cut up other tires to show you, MOHAWK TIRES never won a race—but in right down hard use they will out-wear any so-called "Standard Tire" sold.

PREPARING AT SEDALIA

Company of Infantry Being Formed to Receive Instructions in United States Army Drill.

Special to The Democrat-Forum.

Sedalia, Mo., Mar. 21.—Realization that the United States is hovering on the very brink of war has caused a marked progress to be made in a movement to form a company of infantry in Sedalia. In addition, anyone who desires can receive military instruction without placing himself under obligation for service.

Dr. W. F. Logan, captain of the Sedalia Machine Gun company, has completed arrangements to organize a company of citizens to receive instructions in the United States Army drill.

Plenty of instructors will be provided so that all citizens here will receive individual instruction. If sufficient enthusiasm is shown, these drills will be continued from week to week and parades and drills will be arranged for special occasions. The company will go into camp for not less than fifteen days each year.

The ladies of the Relief Corps are interesting themselves in the movement and are making efforts to have a woman's auxiliary to the company of males raised here.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
1¼ cups water
1 cup seeded raisins
2 ounces citron
½ cup shortening
1 teaspoon nutmeg
1 teaspoon cinnamon
½ teaspoon salt
2 cups flour
5 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Remus won the ladies' prize for cards, and A. M. Crooke won the gentleman's prize. In dominoes Mrs. B. E. Condon won the ladies' prize while the gentleman's prize went to J. W. Herndon. Thirty-five guests were entertained Refreshments were served by the hostess.

Entertain at "Tacky Party."

Miss Olivette Godsey and Miss Nina Bent entertained the Mary Lawrence Circle last night at the Godsey home on West Fourth street with a "tacky party". Various games and a program furnished amusement for the evening. A chafing-dish supper was served by the hostesses assisted by Miss Izora Pierpoint. About twenty-five members were presnt. The visitors presnt were: Miss Verna Kennedy and Miss Margaret Chilton.

Mrs. Egley, Hostess.

The Tourist Department of the Twentieth Century club met yesterday afternoon at the home of Mrs. Ed Egley. Mrs. R. L. McDougal opened the meeting and the following program was given: "Sketch of Nicholas I 1825-1855," was given by Mrs. C. C. Hellmers and Mrs. Fred Harvey read a paper on the "Results of His Despotic Instincts." Mrs. W. O. Garrett gave the "Revolt of the Decembrists," and the "Principles and Methods Used in the Crimean War," was discussed by Mrs. George Colbert and Mrs. E. G. Orear talked on "The Present Duma." The present situation in Russia was also discussed. Twenty members were present and two visitors, Mrs. Wells and Mrs. G. B. Roseberry.

Surprise at Maxwell's.

Mrs. William Maxwell of Pickering planned and successfully carried out a surprise party Monday night in honor of Mr. Maxwell's birthday anniversary. Various games furnished amusements for the evening. Refreshments were served by the hostess assisted by Mrs. William Bosch, Mrs. Edward Hanna and Mrs. Orlo Lincoln. The guests included: Mr. and Mrs. Byron Hanna, Mr. and Mrs. Ed Hanna, Mr. and Mrs. William Bosch, Mr. and Mrs. Glade Wiley, Mr. and Mrs. Ross Lincoln, Mr. and Mrs. Orlo Lincoln, Mr. and Mrs. Roy Wolfers, Mr. and Mrs. Harry Yates, Mr. and Mrs. Stewart Robinson, Mr. and Mrs. James Clayton, Mr. and Mrs. Ray Lincoln, Mr. and Mrs. Calla Harmon, Mr. and Mrs. Stant Garten, Mr. and Mrs. Howard Null, Mr. and Mrs. Charles Sakes, Mr. and Mrs. Ernest Stafford, the Rev. and Mrs. Hutchison, Mrs. Eri Bosch of Maryville and Mr. and Mrs. Maxwell.

Union Prayer Meeting.

The Union Prayer meeting of the five Protestant churches of Maryville was held at the home of Mrs. J. M. Smith this morning. A large number of persons attended and the meeting was a success from every standpoint. The following clipping was read to the assembly:

"There are times, often, perhaps every day, when a person must needs turn to something or some person for some sort of consolation Along this line, the Evangelistical Message suggests the following:

"If you have the blues, read the twenty-seventh Psalm; if your pocket-book is empty, read the thirty-seventh Psalm; if you are losing confidence in man, read the thirteenth chapter of the first Corinthians; if people seem unkind, read the fifteenth chapter of John; if you are discouraged about your work, read the 126th Psalm; if you find the world grows small, and yourself great, read the nineteenth Psalm; if you cannot have your way in everything, keep silent and read the first chapter of James; if you are all out of sorts, read the twelfth chapter of Hebrews."

Those present at the meeting were: Mrs. Warren Jones, Mrs. Ida Dean, Mrs. Lula Hulet, Mrs. Berry, Miss Elizabeth Sawyers, Mrs. R. C. Seals, Mrs. Jennie Conrad, Mrs. J. M. Smith, Mrs. M. E. Farrar, Mrs. R. S. Braniger, Mrs. Louise Maier, Mrs. Henry Eckert, and Mrs. Winfield Scott.

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound which brought me out of it all right, so I am now well and do all my housework, besides working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound."—Mrs. VIOLA FINICAL, Wagoner, Okla.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

THE VERY BEST TIME to take Doctor Pierce's Golden Medical Discovery is *now*, if you feel that your blood is out of order. Don't wait until you have to *cure* disease; it's easier and better to *prevent* it.

With the first blotches or eruption, or the dullness, weariness, and depression that are some of the symptoms, you need this medicine. It will rouse every organ into healthy action, thoroughly cleanse and repair your system, and build up needed flesh, health, and strength. It's the only reliable blood remedy. In the most stubborn Skin or Scalp affections; in the worst forms of Scrofula; in *every* disease caused by a torpid liver or impure blood—it never fails to benefit or cure.

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Most people neglect themselves. To clean the system take a pleasant laxative, such as Dr. Pierce's Pleasant Pellets. For sale by druggists—25 cents a vial.

Sudden Death

Before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking Anuric, in tablet form." You can obtain Anuric at drug stores, the discovery of Dr. Pierce of Invalids' Hotel, Buffalo.

Skidmore Boy Hurt.

May Martin, son of Mrs. Tom Martin of north of Skidmore, was badly hurt yesterday when he fell down the stairs at the school building yesterday, striking his head and shoulders. The boy was unconscious for several hours but was able to be removed to his home this morning.

Band Lessons.

My studio is located at 201 East Fifth street. I will teach anything in band from piccolo to double B Flat bass.—T. B. Maulding. 19-24

Spring Exhibit

THE EASTER season is upon us—the time when we are to start life anew, the time when a new wardrobe is to take the place of the old. Our exceptional exhibit of new Spring creations is so complete in every line that many are making their selections now while the assortments are unbroken.

Gloves

Kid and silk gloves will play such a prominent role in the new Spring wardrobe, that the demand gives promise of enormous proportions. The supply of both kid and silk gloves, as you well know, is less than present demands— there is a vast shortage throughout the entire country, therefore early selections are advisable. Tan, white, and black kid gloves — some with white stitching are among the new Easter showing. Silk gloves in the two-button length and those of elbow length in black, white and all the new Spring colorings are shown in this Easter exhibit. Our prices are very moderate considering market conditions

Handkerchiefs

The New Handkerchiefs are here. Silk crepe with colored borders; some with flowers in colored effects; some with two-tone embroidered designs. Handkerchiefs of linen and fine lawn in plain, in initial, and in embroidered effects in white and colors. Get your Easter handkerchief from this large display. Prices from... 10c to 75c

Ribbons

Never were ribbons more beautiful than this season. In addition to the plain taffeta and satin ribbons in black, white and all colors, we are now displaying very extensive assortments of flowered, striped and figured ribbons in the bright spring colorings and in combined colors of subdued tones. It is necessary that you see this display of new Spring ribbons to fully appreciate their beauty and the values they represent.

Neckwear

Neckwear in the new creations suitable for the garnishing of the new Spring suit is very active, the demand being for collars, sets and ruffs. The tendency toward the color effect is very evident. New neckwear of crepe, sheer organdy, pique and pressed flannel in white and in colored effects are now on display. In white styles, the filet lace, the hand-embroidery and the miniature ruffles of net are some of the new features.

LONDON EXPERIENCE

(Continued from page 1.)

Although he knew his parents and relatives and recalled most of his former life, he had forgotten completely how to talk. He did not even know the alphabet or the most elementary book learning. All this happened to him before he was twenty years old. When I met him, he had spent more than a year under a tutor and was about in the sixth or seventh grade mentally but he was seeking a place as a Red Cross driver in France, doing voluntary work in the Y. M. C. A. to prove his abilities with a car. Quite a world to crowd into a man's life even before he is of age.

Soldier Loses Way.

One night about 1 o'clock, I stopped and picked up a soldier who had lost his paybook and military pass. This is the most serious thing which can happen to a Tommy and he was thoroughly frightened. Nothing would do but that I should take him down on Whitehall to the war office at once. Of course all was dark when we arrived and so I suggested that he go to a police station. When we arrived there, both of us were given a thorough "once-over" because much difficulty is experienced with men over staying leave or abusing the rights conferred by their passes. To be without a pass is to be technically a deserter.

Gets Y. M. C. A. Bed.

The sergeant finally satisfied himself that the story was genuine and gave me an order permitting the Y. M. C. A. hut to give the soldier a bed until morning. Otherwise it is a military offense to give a soldier a room for the night who does not have his pass. That young fighter was probably the most grateful man whom I served in the motor work.

Another morning as I was eating breakfast at 2 a. m., in a hut, I was approached by a young man in kakhi who said? "Is your name Nash?" "Yes." "Well, shake. I was born in St. Louis, my folks now live in Providence. I was in the U. S. army at Vera Cruz, but was stationed later in New York. From there I deserted across the border and joined the Canadian army." All this without shame and quite frankly. Meanwhile I was wondering how in the world he knew me. He explained that he had stayed one night in a hut where one of the Rhodes men was working. I had been successfully described by my gray sweater with the collar outside my coat, which always attracts attention over here almost as much as a shirt-tail being out. The native St. Louisian had won the military cross and was on leave to accompany a chum before the king the following Monday, the latter having received the Victoria Cross. I am supposing that all his story was true since their pictures appeared in the papers a few days later.

A Humerous Experience.

Bishop of Arkansas had a humorous experience. He was working in a hut near Victoria station and a part of his work was to get a lot of men up in time for an early train. One sleepy Tommy on a certain morning just could not be aroused enough to get him up. "Bish" was about to give up in despair when another soldier came in and said, "I can get him up." Then he shouted, "Stand to arms." The drowsy one came out of the blankets with a yell. It is the order which is flashed along the trenches when the enemy begins a raid.

MOTHERS, DO THIS—
When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 7. MARYVILLE, MISSOURI, WEDNESDAY, MAR. 21, 1917 NO. 249.

THEY MAY BE ESCAPED PRISONERS

UNKNOWN MAN, KILLED IN WRECK AND WM. JACKSON SUSPECTED.

SHERIFF AT OLATHE, KAN TO CONCEPTION JUNCTION

Will Attempt to Identify Both As Belonging to Band of Five Who Broke Jail Recently.

That the unknown man who was killed and Wm. Jackson, who was injured in the wreck of the Chicago & Great Western freight train about midnight Monday at the Monastery crossing, three miles south of Conception Junction, are two of a band of five men who escaped from the jail at Olathe, Kan., is the supposition under which the officers of the law at Conception Junction are now working today.

The sheriff at Olathe, hearing of the accident at Conception Junction, wired Deputy Sheriff Gabe Purcell to hold William Jackson until he arrived as he thought that perhaps this Jackson was one of the escaped prisoners.

It is believed that the dead man was also one of the prisoners and that Jackson was acquainted with him, but that he didn't acknowledge it on account of his position as an escaped prisoner. The sheriff of Olathe will arrive in Conception Junction this afternoon and will attempt to identify both Jackson and the dead man.

Jackson's story as told to the jury at the inquest was to the effect that he did not know the dead man, that he came from Kansas City to Savannah for the purpose of getting work from a contractor named Wright, and that when he arrived in Savannah the contractor told Jackson that he would not be ready for him for ten days. Jackson said that he decided to travel on further, and to return to Savannah as soon as the ten days were up.

The Chief of Police at Hannibal, who was notified of the death of the unknown man and who was asked to look up the person whose address was found on the body, wired Mr. Purcell that he had located Thomas Hankins living at 601 Marktwain avenue, Hannibal, and that Thomas Hankins said that the description of the dead man tallied with that of his half brother, Milton M. Hankins, 38 years old. Mrs. Laura Hankins, whose name was on the paper is believed to be the wife of Thomas Hankins. The Hannibal chief of police wired the Conception Junction authorities to hold the body until more information could be obtained.

BAND CONCERT SUNDAY

Professor Maulding Will Give First of Series of Indoor Programs Then —Small Admission Charged.

The first of the series of municipal concerts to be given by the Fourth Regiment band under the leadership of Professor T. B. Maulding will be held at the Empire Treatre on Sunday afternoon.

$13.17 IN BELGIAN BOXES

Five Dollar Bill, Several Silver Dollars and Peanies Were Donated —Not Much Interest Shown.

R. L. McDougal this morning opened the boxes placed in the four banks for the purpose of collecting the Belgian relief money, and found $13.17. A five-dollar bill, several silver dollars, and some small money had been put into the boxes. The amount collected from the boxes the last time they were opened was $12.88.

"Not much interest is being taken in the relief of the Belgian children," said Mr. McDougal today. "The little town of Skidmore has done as well as the city of Maryville. When the fact is taken into consideration that many Belgian little ones are actually starving for the necessaries of life, it is a wonder that mothers and children don't give more to the fund. Three cents a day will keep a child, and who would begrudge that many coppers to insure some youngster food for twenty-four hours?"

HEAR HAROLD BAUER

CELEBRATED PIANIST APPEARS HERE TUESDAY, MARCH 27.

OF INTERNATIONAL FAME

Noted Artist Has Received the Highest Praise in Musical Circles All Over the World.

The last number of the Lyceum course will be given at the Christian church Tuesday evening, March 27, when Harold Bauer, celebrated pianist, makes his appearance in a concert program.

Mr. Bauer's position among the foremost pianists of the day rests on a firm foundation. Master pianist, which is a term frequently applied to Mr. Bauer, suggests to a nicety his overwhelming victory over the technical difficulties of his art, his fine poetic insight, his splendid musicianship, and his extraordinary powers of interpretation. A master is Bauer in every sense of the word, a fact which both Europe and America have long since recognized.

Harold Bauer was born in England, of a family of which every member was musical. As a boy his gifts attracted wide attention particularly his violin playing, and a violinist's career was uppermost in his mind until Padcrewski persuaded him that his greater talent was for the piano.

After a period of study in Paris, which has since been his home, Bauer's debut was made under propitious circumstances, and the result was a positive furore. Tours of every section of Europe were made during the next few seasons and the pianist's fame was soon firmly established. In America Bauer made his first appearance in 1900 with the Boston Symphony orchestra. Since then he has visited this country repeatedly and with marked success. He has played with every symphony orchestra in America, while his recital appearances have embraced the most important cities from coast to coast.

Henry T. Finck, the distinguished critic of the New York Evening Post, sums up Mr. Bauer's attributes in a striking way. "One does not need to be a musician to listen to him," writes Mr. Finck. "He makes the meaning of the composer so clear that a person without the least conception of harmony could hear and enjoy. Bauer is heart and soul in the piece he is rendering, and his masterly intellect recognizes every value of tone, phrase or climax to the exclusion of all mannerism. His playing is the absolute perfection of interpretation."

FILES DAMAGE SUIT.

J. L. Breedlove Wants $250 for Loss of Horses on Wabash Right-of-way

J. L. Breedlove filed suit in the office of the circuit court yesterday for $250 damages which he claims is due him on account of the loss of two horses which were killed on the Wabash right-of-way, February 1917. Mr. Breedlove, who lives three miles east of Maryville, lost a mare worth $75 and a colt worth $50.

UP TO THE COUNTY

ONLY EFFECTIVE BOOSTING CAN LAND PART OF STATE ROADS.

M'ININCH FAVORS PLAN

Tells E. M. Claypool That Nodaway County Roads Club Is Most Effective Weapon.

Do you want any part of the Nodaway County highways designated as a state road so that a portion of the Federal aid money will be spent in the county?

Then it is your business to become a member of the Nodaway County Automobile and Good Roads Club, and help boost for your section of the state because George E McIninch says that this is the only way the county will be remembered when the plums are divided.

Individual enterprise—this is the keynote of the situation, according to Secretary E. M. Claypool, who went as a delegate from Maryville to consult with Mr. McIninch, state highway commissioner, on the question of having either the Saints Highway or the Glidden Route designated as part of the state road. Mr. Claypool talked with Mr. Ininch for two hours on the various phases of the situation, and received much encouragement from him.

"The movement to obtain a part of the state highway in any county," said Mr. McIninch, "must originate with the county. It can be done by the county court or by a group of interested road men. Plans and specifications must be drawn up either by the county highway engineer or by the state highway engineer and must be placed in the hands of the commissioners, who will decide on the routes to be chosen and then send their decision to Washington to have it passed upon.

"I am strongly in favor of the work done by the Nodaway County club, and if the proper methods are taken, I believe that a portion of the state road will be routed through the county. It is merely a question of "pep" and enterprise. The county that makes the best showing and puts up the best fight will have the best chance to land its route among the lines designated."

The Nodaway County Automobile and Good Roads Club will take Mr. McIninch's hint to heart, and will begin at once to boost for a portion of the Federal Aid money, which will be spent on the state roads.

Successful I. O. O. F. Meeting.

Thirty-three members attended the meeting of the I. O. O. F. at their hall last night. The roll call was answered with the dates of initiation and proved to be a most interesting feature of the evening. Plans were made to attend the meeting at Graham Thursday, April 12.

WOULD KILL DEPUTY

ASSASSIN ATTEMPTS LIFE OF KERENSKI, RUSSIAN MINISTER.

FAILS IN HIS PROJECT

Pretends to Have A Letter for Him, Is Searched and Loaded Revolver Is Found.

Special to the Democrat-Forum.

Petrograd, March 21.—An attempt was made today to assassinate Deputy Kerenski of Saratoff, the Minister of Justice in the new provisional government of Russia. The would-be assassin committed suicide afterwards. He is believed to have been a tool of the reactionaries in the army group.

The assassin made an attempt to see Kerenski on a pretext of delivering a letter to him The suspicions of the officers were aroused, and upon search a loaded revolver was found. The man was identified as a captain of cavalry in the Russian army.

When he found that his ruse had failed, by a certain movement he regained his weapon and shot himself, falling dead at the feet of his captors.

The cabinet conferences continue to be held daily. Professor Paul N. Milukoff, the foreign minister, announced today that the present situation is entirely satisfactory to the government.

Will Recognize New Government.

Washington, Mar. 21.—Formal resognition of the new government of Russia will be made shortly by the United States. The state department had before it today the request of the revolutionary leaders for diplomatic recognition and it was stated officially that the request would be complied with.

Grants Amnesty to Prisoners.

Petrograd, Mar. 21.—The provisional government of Russia granted general amnesty to all of the political prisoners, according to the announcement made today.

Czar and Wife Arrested.

London, Mar. 21.—The former Czar and his wife have both been arrested at the order of the new government, says a Petrograd dispatch. Both are under guard at the Tsarkoelseli palace.

ROACH ON TAX BOARD

Will Be Offered Chairmanship of State Commission — Other Officers to be Appointed.

Special to The Democrat-Forum.

Jefferson City, Mar. 21.—Former Secretary of State Roach will be chairman of the State Tax Commission if he can be persuaded to accept the post. Governor Gardner has intimated that he would be pleased to offer the chairmanship of the Tax Commission to Roach if the latter can see his way clear to accept it.

The executive has announced that he will soon appoint the members of the Tax Commission and of the Commission for the Management of the Penitentiary and Industrial Schools. Each board will have three members.

The governor has made it very plain that he is desirous of securing business men who are familiar with buying supplies and not theorists for the penal board.

Former Warden Henry Andrae of Jefferson City and L. B. Thompson of New Bloomfield have been suggested for the Republican place on the Prison Commission. Hermann Hackmann ex-county officer of St. Louis county, has been suggested for the Republican appointment on the Tax Commission.

MRS. ANNA NELSON BURNED.

While Setting Fire to Dead Grass, Her Clothing Catches Fire.

Mrs. Anna Nelson, living 3 miles northwest of Maryville, was seriously burned yesterday afternoon at her home. She was burning dead grass in the yard, when her clothes caught fire and were burned nearly off before the flames could be extinguished. The doctor was called and Mrs. Nelson was at once removed to St. Francis hospital, where her burns were dressed. Her body is severely burned, and her condition is considered serious.

LONDON EXPERIENCE

VERNON NASH GIVES ACCOUNT OF INTERESTING SOLDIERS.

TELLS ABOUT YOUNG CHAP

Boy Was Shot in Arm, Overcome by Gas Twice and Finally Wounded in the Head.

(Vernon Nash)

On Friday afternoon, January 19, at 4:55 p. m., we Rhodes men left London to take up our residence again in Oxford. Several drivers were sick on that day and the head of the Y. M. motor department urged us to remain another night and help. But we were afraid of the strict college regulations, also anxious to get back and see the bunch, so we would not consent.

Missed Munitions Explosion.

Less than two hours after our train pulled out, the greatest munitions explosion of the war demolished an area in East London three-quarters of a mile square and every available Y. M. C. A. man worked feverishly in the relief work for several days with scarcely any sleep. And that was the experience. Figuratively we have been kicking ourselves all over Oxford for our refusal to stay.

Unfortunately explosions are not pre-arranged with notices posted and so we little suspected what a really great climax to our vacation of experiences we were destined to miss that afternoon. Anyway it is almost greedy to ask more of Providence than we got in those fine six weeks of motor work in London.

A Young Chap's Experience.

The most interesting of all the soldiers I have met was a young chap who was in Oxford public school, (that is, English prepatory school), when the war was declared. He enlisted and since that time has been shot in the arm, overcome by gas twice (once by Germans and again by his own army's gas when the wind shifted suddenly), was captured by the enemy and kept in their trenches for three days while the rain of curtain fire prevented his being taken to the rear. At the end of the third day a counter attack by his fellow soldiers recovered the trenches and rescued him. He has the souvenir mark of a bayonet on one side. Surviving all this, he was returned to the trenches where as a climax a rifle bullet passed completely through the right side of his head from brow to crown.

His Life on the Balance.

He hung on the threshold of the other world for three months while surgeons removed large parts of his skull with quite a lot of brains, and operated in other ways. Finally he recovered enough to be discharged, but with his right side partially paralyzed and his memory badly impaired.

A 2ND PEACE MOVE

GERMANY INQUIRING HOW THE NEUTRALS WOULD VIEW IT.

FAVOR SELFGOVERNMENT

Prepares to Lean Favorably Toward General Scheme of Democracy for European Nation.

Special to The Democrat-Forum.

London, March 21. — Germany is preparing for another peace move. This is the gist of the dispatch printed in the London Times today. According to the telegram German envoys are in the Dutch capital seeking to learn how the United States and the other neutrals would view another peace attempt by Germany.

It is said that Germany is prepared to lean favorably toward some general scheme of autonomy (self-government) for the races of Europe, particularly Austria-Hungary. At the same time it is believed that Germany is prepared to make the particular concession of allowing her own people to be delegates to bear the passports issued to the German foreign offices.

The success of the Russian revolution has caused the greatest agitation in Germany, says a wireless from Zurich today. The report is current there that serious riots have occurred in Germany, particularly in Dresden, Leipzig and Munich.

MUST MAKE ENDS MEET

Gardner's Efforts Will Now be Directed Toward Seeing That Appropriations are 'Within Revenue.

Jefferson City, Mar. 21.—"We must make both ends meet," was the way Governor Gardner explained his intention of vetoing many of the appropriations asked by the Forty-ninth General Assembly.

The governor will veto all appropriations for new buildings for the State educational and eleemosynary institutions, even an appropriation for a new $30,000 kitchen in the Executive Mansion will be vetoed.

Sixteen million dollars is the estimated revenue for 1917 and 1919, which includes taxes to be turned in to the State through the new tax legislation enacted by the legislature.

The appropriations total $19,517,746, which is about $3,800,000 more than the anticipated revenue.

The governor has announced that he will be very busy during the next thirty days studying the proposed new laws.

THE EXTRA SESSION ADVANCED TO APR. 2

WILSON WILL ASK CONGRESS TO DECIDE ON WAR POLICY.

ADMITS EXECUTIVE POWER IS LIMITED

No Doubt Is Entertained in Official Circles As to What the Answer Will Be.

Special to The Democrat-Forum.

Washington, March 21. — Face to face with the gravest international crisis in years, the President today advanced the date of the extra session of Congress from April 16 to April 2.

Congress Must Decide.

Washington, Mar. 21.—Congress will reply to Germany. The President so decreed today when he issued a new proclamation calling in extraordinary session the Sixty-fifth Congress for April 2, thus signifying that it was of extreme necessity to have the legislative body of the United States on hand. It expresses in a single phrase the sentiment of the President who in a formal proclamation assigned the reason for calling Congress to be the consideration of the grave questions of national policy that are to be decided.

The President admits that there is no longer anything that executive power can do to protect American lives against Garman aggression. He and his advisors believe that Germany is making war on the United States, and since Congress is the only body in the United States which can authorize war, the President will lay the matter before Congress and ask it to decide what policy the government shall adopt in reply. No doubt is entertained here as to what the answer shall be.

Daniels Confers With Naval Board.

After the Cabinet meeting yesterday afternoon, Secretary Daniels, saying that no new naval orders had been issued, hurried to the Navy department and went into conference with members of the general board. Information for the President and tentative plans for further naval activities were discussed.

The only argument known to have been advanced in official circles against the early calling of Congress was that the President himself can do almost everything possible immediately. But in spite of this argument the preponderence of official opinion seemed to be that Congress should be summoned as soon as possible so that the full power of the government would be assembled in Washington.

Plan the Patrol Squadrons.

Plans for organizing patrol squadrons of privately owned motor boats and yachts along the Atlantic Coast were discussed last night by Secretary Daniels and Capt. George B. Marvell, an assistant for operations, who has just returned from a trip to New York Boston and other coast points, to enroll available craft. Captain Marvell reported he had arranged contracts with many owners of small speedy boats suitable for mounting guns and chasing submarines or patrolling the coast, to turn their vessels over to the government in an emergency. A number of boat owners also agreed to volunteer as reserve officers.

Washington, Mar. 21.—Bids for 200 submarine chasers were opened in secret at the Navy department at noon today.

FRENCH PURSUE GERMANS.

Special to The Democrat-Forum.

Paris, Mar. 21.—The French are pursuing the Germans between the Somme and the Aisne rivers and have taken ten more villages from the Teutons, the French war office announces today. Heavy casualties were inflicted.

CITY PAID FOR STREET DIRT.

Gets From 50c to 75c A Load For Accumulation on the Pavements.

To pay someone to haul away the trash and dirt that collects on the streets is a common thing, but to haul it away and have some one to pay you for it is rare. Yet, this is what is being done on the Maryville streets today. The city has orders ahead for seventy-five loads of the accumulation on the streets and gets fifty to seventy-five cents a load for it. This more than pays for the expense of having the stuff hauled away.

Experience in Tire Buying

Why Experiment?

We have been in the tire business for eleven years. Our experience extends further than the mere selling of tires—we have worked on the inside, torn too pieces and rebuilt every make of tire on the market and are certainly in a position to know how each are made, what kind and quality of material are put into each.

And after this eleven years of experience, when we started the present firm we decided to sell the best tire we knew of for the benefit of those that did not care to experiment or that were tired of continual tire trouble and the usual dissatisfaction of adjustments, You don't want adjustments—you want uninterrupted milage.

For those reasons, we are selling MOHAWK "QUALITY" TIRES.

Guaranteed in Ford Sizes 7500 Miles
In the Larger Sizes 5000 Miles

And we make our own replacements right here in Maryville You don't have to wait a week or month. Come in and let us show you why they are best—we will cut up other tires to show you, MOHAWK TIRES never won a race—but in right down hard use they will out-wear any so-called "Standard Tire" sold.

PREPARING AT SEDALIA

Company of Infantry Being Formed to Receive Instructions in United States Army Drill.

Special to The Democrat-Forum.

Sedalia, Mo., Mar. 21.—Realization that the United States is hovering on the very brink of war has caused a marked progress to be made in a movement to form a company of infantry in Sedalia. In addition, anyone who desires can receive military instruction without placing himself under obligation for service.

Dr. W. F. Logan, captain of the Sedalia Machine Gun company, has completed arrangements to organize a company of citizens to receive instructions in the United States Army drill.

Plenty of instructors will be provided so that all citizens here will receive individual instruction. If sufficient enthusiasm is shown, these drills will be continued from week to week and parades and drills will be arranged for special occasions. The company will go into camp for not less than fifteen days each year.

The ladies of the Relief Corps are interesting themselves in the movement and are making efforts to have a woman's auxiliary to the company of males raised here.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar	1 teaspoon nutmeg
1¼ cups water	1 teaspoon cinnamon
1 cup seeded raisins	½ teaspoon salt
2 ounces citron	2 cups flour
⅓ cup shortening	5 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Booklet of recipes which economize in eggs and other expensive ingredients, mailed free. Address Royal Baking Powder Co., 135 William Street, New York.

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound which brought me out of it all right, so I am now well and do all my housework, besides working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound."—Mrs. VIOLA FINICAL, Wagoner, Okla.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

THE VERY BEST TIME to take Doctor Pierce's Golden Medical Discovery is *now*, if you feel that your blood is out of order. Don't wait until you have to *cure* disease; it's easier and better to *prevent* it.

With the first blotches or eruption, or the dullness, weariness, and depression that are some of the symptoms, you need this medicine. It will rouse every organ into healthy action, thoroughly cleanse and repair your system, and build up needed flesh, health, and strength. It's the only reliable blood remedy. In the most stubborn Skin or Scalp affections; in the worst forms of Scrofula; in *every* disease caused by a torpid liver or impure blood—it never fails to benefit or cure.

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Most people neglect themselves. To clean the system take a pleasant laxative, such as Dr. Pierce's Pleasant Pellets. For sale by druggists—25 cents a vial.

Sudden Death

Before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking Anuric, in tablet form." You can obtain Anuric at drug stores, the discovery of Dr. Pierce of Invalids' Hotel, Buffalo.

Spring Exhibit

THE EASTER season is upon us—the time when we are to start life anew, the time when a new wardrobe is to take the place of the old. Our exceptional exhibit of new Spring creations is so complete in every line that many are making their selections now while the assortments are unbroken.

Gloves

Kid and silk gloves will play such a prominent role in the new Spring wardrobe, that the demand gives promise of enormous proportions. The supply of both kid and silk gloves, as you well know, is less than present demands— there is a vast shortage throughout the entire country, therefore early selections are advisable. Tan, white, and black kid gloves — some with white stitching are among the new Easter showing. Silk gloves in the two-button length and those of elbow length in black, white and all the new Spring colorings are shown in this Easter exhibit. Our prices are very moderate considering market conditions

Handkerchiefs

The New Handkerchiefs are here. Silk crepe with colored borders; some with flowers in colored effects; some with two-tone embroidered designs. Handkerchiefs of linen and fine lawn in plain, in initial, and in embroidered effects in white and colors. Get your Easter handkerchief from this large display. Prices from... 10c to 75c

Ribbons

Never were ribbons more beautiful than this season. In addition to the plain taffeta and satin ribbons in black, white and all colors, we are now displaying very extensive assortments of flowered, striped and figured ribbons in the bright spring colorings and in combined colors of subdued tones. It is necessary that you see this display of new Spring ribbons to fully appreciate their beauty and the values they represent.

Neckwear

Neckwear in the new creations suitable for the garnishing of the new Spring suit is very active, the demand being for collars, sets and ruffs. The tendency toward the color effect is very evident. New neckwear of crepe, sheer organdy, pique and pressed flannel in white and in colored effects are now on display. In white styles, the filet lace, the hand-embroidery and the miniature ruffles of net are some of the new features.

Desmodium Penduliflorum

A hardy shrub, which dies down each winter, but comes up in the spring, sending up three to four foot shoots which bloom in September, when very few shrubs are in bloom, covered with bright rose colored flowers.

No planting of shrubbery is complete without a few specimens of this valuable plant. We sold many of these the spring of 1916 and expect to sell even more this spring. 40 cents each, 3 for $1.00.

LONDON EXPERIENCE

(Continued from page 1.)

Although he knew his parents and relatives and recalled most of his former life, he had forgotten completely how to talk. He did not even know the alphabet or the most elementary book learning. All this happened to him before he was twenty years old. When I met him, he had spent more than a year under a tutor and was about in the sixth or seventh grade mentally but he was seeking a place as a Red Cross driver in France, doing voluntary work in the Y. M. C. A. to prove his abilities with a car. Quite a world to crowd into a man's life even before he is of age.

Soldier Loses Way.

One night about 1 o'clock, I stopped and picked up a soldier who had lost his paybook and military pass. This is the most serious thing which can happen to a Tommy and he was thoroughly frightened. Nothing would do but that I should take him down on Whitehall to the war office at once. Of course all was dark when we arrived and so I suggested that he go to a police station. When we arrived there, both of us were given a thorough "once-over" because much difficulty is experienced with men over staying leave or abusing the rights conferred by their passes. To be without a pass is to be technically a deserter.

Gets Y. M. C. A. Bed.

The sergeant finally satisfied himself that the story was genuine and gave me an order permitting the Y. M. C. A. hut to give the soldier a bed until morning. Otherwise it is a military offense to give a soldier a room for the night who does not have his pass. That young fighter was probably the most grateful man whom I served in the motor work.

Another morning as I was eating breakfast at 2 a. m., in a hut, I was approached by a young man in kakhi who said? "Is your name Nash?" "Yes." "Well, shake. I was born in St. Louis, my folks now live in Providence. I was in the U. S. army at Vera Cruz, but was stationed later in New York. From there I deserted across the border and joined the Canadian army." All this without shame and quite frankly. Meanwhile I was wondering how in the world he knew me. He explained that he had stayed one night in a hut where one of the Rhodes men was working. I had been successfully described by my gray sweater with the collar outside my coat, which always attracts attention over here almost as much as a shirt-tail being out. The native St. Louisian had won the military cross and was on leave to accompany a chum before the king the following Monday, the latter having received the Victoria Cross. I am supposing that all his story was true since their pictures appeared in the papers a few days later.

A Humerous Experience.

Bishop of Arkansas had a humorous experience. He was working in a hut near Victoria station and a part of his work was to get a lot of men up in time for an early train. One sleepy Tommy on a certain morning just could not be aroused enough to get him up. "Bish" was about to give up in despair when another soldier came in and said, "I can get him up." Then he shouted, "Stand to arms." The drowsy one came out of the blankets with a yell. It is the order which is flashed along the trenches when the enemy begins a raid.

• Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).
